Health and Well-Being: RSE

What is RSE?

Our priority in Pontlliw is that our pupils are **happy**, **safe** and **healthy**, therefore it is important they learn about topics such as, healthy relationships, keeping safe, and that they are confident to raise issues with responsible adults.

Parents have a central role to play in supporting their children, however there is also a crucial role for schools - especially in a world where there is so much inaccurate and misleading information and harmful materials, circulating online. Our RSE curriculum is designed to **safeguard** all our children, supporting them to develop knowledge, skills and behaviours that will assist in protecting them throughout their lives.

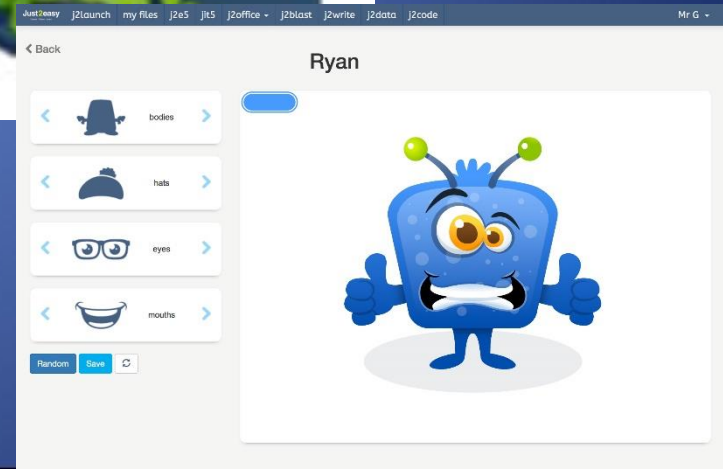

Health and Well-Being: RSE

Our RSE curriculum has been co-constructed with all members of our school community, including staff, governors, pupils, parents/carers and external professions such as the school nurse.

Great care has been taken to ensure that all learning within RSE is **developmentally appropriate** to ensure that pupils are not exposed to things that aren't appropriate to their age and development.
